None to be presented.

Together we can share a growing experience
Minutes

Date: Thursday, February 14, 2019 @ 3pm

Location: Essa Public Library, Angus Branch

Edible Essa is a conversation rooted in food literacy, environmental stewardship, and community connectedness. Mission: Growing good food. And sharing it.

Present: Breagh Beaver, Maria Benjamins, Colleen Healey-Dowdall, Kim Keckes, Jen Kierke, Allan Kuhn & Ryan, Barry Little, Susanna Malick, Steph McCann, Paddy Ormistan, Glenda Newbatt, Laura Wark, Sandi White.

Regrets: Susan Antler, Maggie Curran, Michelle Matthews, Anne Sharpe

Welcome

Angus Area Chamber of Commerce article

Community Partner updates

Angus Farmers' Market (Glenda, Allan, Jen): 8 Markets this year. Volunteers welcome.

Aware Essa (Maggie, Anne): Asked for a Tree Inventory at the Tree Seed site. Suggested plant companions for the community gardens.

Camphill (Allan, Ryan): Participating in the Angus and Barrie Farmers' Markets. Spoke to Biodynamic growing at the Guelph Organic Conference.

Essa Township, Healthy Community Committee (Colleen): Looking at linkages in the township trails, planting opportunity in April. Volunteers welcome.

AI

Friends of Utopia Hall and Gristmill (Steph): Seedy Saturday is March 2nd; Coffee is offered at the Utopia Hall on Saturday mornings. Open to sharing the kitchen with community.

Gardeners (Paddy, Susanna, Sandi): Birds and blooms; gardening enthusiasts.

Moondance Organic Gardens, Urban Pantry, Good Food Box (Kim): Time to sign up for CSA baskets; Planning Community Growing spaces at the farm as a Social Enterprise for the Utopia Hall including soups, salads, and food literacy information. Will offer Children's Growing lessons in the growing season.

May bring the Good Food Box back to Angus. Wholesale prices for a share of fruits and vegetables delivered once a month.

NPSS and the Culinary Class & Essalicious (Glenda): The harvest meal will occur on Thursday, November 7th from 5-7pm. Tickets will be available.

Seed Library (Breagh) & Community Share Gardens on campus (Laura): Seed Inventory made, more seeds to be ordered. Volunteers to grow seedlings or participate in garden welcome. Ground cover crops will be introduced this year. Breagh will be updating social media for Edible Essa partner events.

Simcoe Muskoka Health Unit (Maria): 70,000 people in Simcoe Muskoka are Food Insecure. "No money for food is Centsless" campaign continues.

Unleash your Future Grant (Glenda): There are some funds for soil and plants to develop Food Literacy for teens.

Other Ideas:

More Information sharing?

More Education? Toronto Botanical Garden Library talk (Mark Stewart)

More Food foraging?

More Edible Essa Gatherings?

Perhaps 4 times/year at 4 locations: Library, Camphill, Moondance, and Utopia Hall.

Meeting adjourned at 4:45pm.

FOR IMMEDIATE RELEASE

County launches 2019 Age-Friendly Seniors Housing Grant Program

Midhurst/ February 19, 2019 – The County of Simcoe is providing the regional housing market for Seniors a boost with the 2019 Age-Friendly Seniors Housing Grant Program.

County Council approved \$500,000 in annual funding towards this program to support eligible applicants in creating age-friendly housing through renovation or new housing development.

“The County continues to take action with strategies to enhance regional support services and resources that address our aging population and affordable housing needs,” said Warden George Cornell. “This grant program is an important initiative that aligns with our Age-Friendly strategy and provides an incentive for residents to help us create greater housing capacity so more seniors can live independently in their communities longer.”

The grant program was recommended within the Simcoe County 2018-2023 Positive Aging Strategy, which identified a number of recommendations for the County and its municipalities to prepare for the region’s aging population. The program will fund projects that incorporate accessible, adaptable and inclusive designs, which allow seniors to continue to live independently in their communities for as long as possible.

Grants will be awarded under three streams: accessible housing design for seniors; design for individuals with dementia; and the provision of support services for housing that incorporates enhanced aspects of accessibility over and above compliance with building code standards for residential units.

Applicants eligible for this grant include those completing housing projects located within Simcoe County (excluding the cities of Barrie and Orillia). Applicants can be homeowners of principal residences or developers, who wish to include accessible, adaptable and inclusive design modifications for occupants aged 60 or older. Grant amounts will be distributed based on the number of applications received and ability to meet funding criteria.

An Age-Friendly Grant Selection Sub-Committee will evaluate each grant submission in accordance with established evaluation criteria and make recommendations to the Simcoe County Age-Friendly Advisory Committee for endorsement.

The deadline for 2019 application submissions is May 15, 2019. For further details, or to apply to the Age-Friendly Housing Seniors Grant program, please visit <http://www.simcoe.ca/LongTermCare/Pages/Age-Friendly-Seniors-Housing-Grant-Program.aspx> .

County of Simcoe is composed of sixteen member municipalities and provides crucial public services to County residents in addition to providing paramedic and social services to the separated cities of Barrie and Orillia. Visit our website at simcoe.ca.

The Honourable Doug Ford
Premier of Ontario
Legislative Building
Queens's Park
Toronto, ON M7A 1A1

Dear Premier Ford:

Re: Public and Environmental Health Implications of Bill 66, Restoring Ontario's Competitiveness Act, 2018

On behalf of the Simcoe Muskoka District Health Unit (SMDHU) Board of Health, I am writing to express concern about the Government of Ontario's decision to enact Bill 66, Restoring Ontario's Competitiveness Act, 2018.

We appreciate the intention to enhance employment opportunities throughout Ontario, and recognize good quality employment as a key element which influences health. Individuals who are unemployed, have precarious employment, or experience poor working conditions are at higher risk of stress, injury, high blood pressure and heart disease. However, the proposed bill will amend a number of acts and regulations intended to protect and promote public and environmental health.

In consideration of the proposed amendments, Bill 66 was assessed by SMDHU staff for implications to public and environmental health. We are apprehensive of unintended negative consequences which may arise from the implementation of this bill. The attached appendices outline concerns related to Schedule 3 ([Appendix 1](#)) and Schedule 5 ([Appendix 2](#)). Schedule 10 ([Appendix 3](#)) is also included, though the Board of Health is aware of media reports and social media remarks made by Honourable Minister Clark indicating "*when the legislature returns in February, (the Government) will not proceed with Schedule 10 of the Bill.*" This is welcomed, however, from our assessment of Bill 66 as it is presently written, its implementation to amend and repeal current legislation will potentially result in:

- Negative impacts to Ontario's natural and built environment;
- Degradation of important water sources;
- Decreased preservation of greenspaces including agricultural lands, forests, parks and natural heritage features;
- Decreased opportunities for physical activity;
- Impacts to child safety; and
- Increased risk of the spread of infectious diseases.

Appendix 1: Concerns and considerations related to Schedule 3 – Ministry of Education

SMDHU recognizes the efforts to enhance child care availability to families by increasing the total number of children under the age of two that can be cared for by home child care providers. Though evidence on optimal infant to caregiver ratios is inconclusive, the current limits in Child Care and Early Year's Act, 2014, were chosen to ensure child safety¹. We urge the government to evaluate the effects of this legislation on child safety and developmental outcomes if implemented. The proposed changes will not adequately address issues of access, affordability, and quality child care for families. Similar to our high quality education system, a child care strategy that prioritizes accessibility, affordability and quality is best addressed through a government system that ensures universal access to high quality care.

In addition, there may be implications to infection prevention and control due to the proposed amendment to paragraph 4 subsection 6 (4) of the Child Care and Early Years Act, 2014, which recommends the reduction of the age restriction from six years of age to four for registration in authorized recreation and skill building programs. Authorized recreational and skill building programs are not proactively inspected for food safety nor infection prevention and control by local public health units. With immunization follow-up doses for several diseases (e.g. measles, pertussis, and chickenpox) not occurring until a child is between 4 – 6 years, coupled with the potential for decreased hygienic practices and larger numbers of children congregating in one location², there is the potential for the spread of vaccine-preventable diseases. Facilities that are not required to be inspected may not have the administrative (e.g. policies on when to exclude ill children) or physical (e.g. appropriate disinfectants) infrastructure to prevent infections. By lowering the age from six years to four, a potential increased infectious disease risk will occur for children 4-6 years attending these programs.

A3

Appendix 2: Concerns and considerations related to Schedule 5 - Ministry of Environment, Conservation and Parks

The purpose of the Toxics Reductions Act (TRA) is to prevent pollution and protect human health and the environment, through reducing the use and creation of toxic substances within Ontario. While SMDHU supports efforts to avoid duplication of existing provincial and federal regulations, it is important to recognize the need to reduce the availability of toxic substances within Ontario. Existing federal requirements through the National Pollutant Release Inventory and the Chemical Management Plan have limitations to supporting further reduction of toxic substances that the province of Ontario hoped to address. The TRA can provide important economic benefits which lead to potential cost savings, creating new markets, and supporting employee health and safety. Similar legislation has shown to be effective in other jurisdictions in the United States that have required toxic reduction plans. Thus, SMDHU encourages the province to not eliminate the TRA, but to evaluate more effective opportunities for toxics reduction in Ontario that can support creating healthy environments while reducing barriers for business

Appendix 3: Concerns and considerations related to Schedule 10 - Ministry of Municipal Affairs and Housing

The Planning Act and associated provincial regulations support effective planning, by ensuring development meets community needs, allows for sustainable economic growth, while protecting green spaces such as agricultural lands, forests, parks and natural heritage features which provide multiple health, economic and environmental benefits. The health benefits of well-designed communities based on provincial policies include better air quality, protected drinking water supplies, availability of locally grown foods, reduced urban heat islands, increased climate resiliency, mitigation of vector-borne diseases, increased opportunities for physical activity, general wellbeing and lower health care costs. Conservation of natural heritage features such as the Greenbelt addresses climate change mitigation (carbon sequestration) and adaptation (mitigating flood risks). For example, the Greenbelt actively stores carbon, with an estimated value of \$4.5 billion over 20 years; annual carbon sequestration is valued at 10.7 million per year¹. Benefits of greenspaces are communicated within the 'Preserving and Protecting our Environment for Future Generations: a Made in Ontario Environment Plan' which identifies the government's commitment to protect the Greenbelt for future generations².

SMDHU is concerned that the proposed amendment to the Planning Act will allow the use of *Open for Business* planning by-laws to permit the use of these important lands for alternative purposes without adhering to existing local planning requirements, such as official plans. Employment land needs are explicitly identified within local planning documents, and thus the use of the by-law will compromise long-term planning decisions. While the by-law may provide short-term economic benefit through the expansion of employment lands, this will be at the expense of long-term, sustainable economic development and protection of green space currently prescribed by the Planning Act.

In addition, Bill 66 allows municipalities to bypass important environmental legislation and discount protections for clean water and environmentally sensitive areas across Ontario. After the events of 2000 in Walkerton, where seven people died and thousands were ill³, Ontario put legislation in place to protect the over 80% of Ontarians who get their drinking water from municipal sources. The Clean Water Act, which directly addresses 22 of the 121 recommendations made following the Walkerton Inquiry, supports the adoption of a watershed based planning process, and serves as the instrument for the creation of source water protection plans.

Current legislation protects drinking water sources and greenspace. The changes proposed in Bill 66 will weaken a number of noteworthy acts including the Clean Water Act, the Great Lakes Protection Act, the Lake Simcoe Protection Act, the Greenbelt Act, the Oak Ridges Moraine Conservation Act, and the Places to Grow Act. Currently these acts prevail in the case of conflict between a municipal plan and the noted act; under the proposed changes this would no longer be the case.

¹ Tomalty, R. 2012. *Carbon in the Bank: Ontario's Greenbelt and its role in mitigating climate change*. [Vancouver]: David Suzuki Foundation

² Ministry of the Environment, Conservation and Parks. 2018. *Preserving and protecting our environment for future generations: A Made-in-Ontario environment plan*. [Toronto]: Ontario Ministry of the Environment, Conservation and Parks.

³ Walkerton Inquiry (Ont.) and Dennis R. O'Connor. 2002. *Report of the Walkerton Inquiry: A strategy for safe drinking water*. [Toronto]: Ontario Ministry of the Attorney General.

Notably, Section 39 of the Clean Water Act currently requires all Planning Act decisions to conform to policies in approved source protection plans that address significant drinking water threats prescribed by the Clean Water Actⁱ. This important provision must remain applicable to all municipal planning and zoning decisions in order to protect public health and safety.

Bill 66 not only impacts drinking water, but also moves back progress made on protecting Lake Simcoe. The Lake Simcoe Protection Act was created to safeguard the watershed and protect our Great Lakes and Lake Simcoe from environmental damage. Lake Simcoe attracts 9 million visitors on an annual basis and accounts for approximately \$1 billion dollars in annual spending. Due to the economic, environmental and health impacts that the *Open for Business* planning bylaw will present, we urge the government to remove the amendment to the Planning Act, from Bill 66. At minimum, public health authorities should be granted the ability under the *Planning Act* to review and comment on open for business bylaw applications, due to potential risk and hazards to health and for the protection and promotion of public health and safety.

ⁱ Threats identified in the act include landfills, sewage systems, and the storage or handling of fuel, fertilizers, manure, pesticides, road salt, organic solvents and other substances on lands near wells or surface water intake pipes used by municipal drinking water systems

Office of the President

February 21, 2019

Dear Heads of Council:

I am writing to let you know that as part of the fiscal management initiative of the Province, it has advised AMO that it will wind down the Local Planning Appeal Support Centre (LPASC). Effective immediately, LPASC will no longer be accepting new requests for client services. LPASC was put in place last year to help people understand the land use planning and provide some professional support to them on the appeal process.

The Local Planning Appeal Tribunal (LPAT) will continue its function as is - no change is anticipated at this time. Respecting municipal council decisions was one of several very important changes to the planning system. LPAT is at an early stage of implementation of the new system while it continues to address a significant number of legacy OMB cases. AMO believes more time and experience is needed with the new system. At the same time, we want to see the gathering of data and posting of statistics quarterly continue. A copy of the letter to AMO is attached.

Yours sincerely,

Jamie McGarvey

AMO President

RE: Maintaining the Voters' List for Municipal Elections

Please be advised that the Council of the Township of Lake of Bays at its meeting held on February 19th, 2019 passed the following resolution:

"Resolution #7(a)/02/19/19

Councillor Tapley and Councillor Godard

BE IT RESOLVED THAT the Council of the Corporation of the Township of Lake of Bays receives the resolutions and correspondence from the Town of Mono, Town of Shelburne, City of Hamilton, Town of Kearney and Township of South Frontenac regarding the Voters' List for Municipal Elections.

AND THAT Council endorses and supports the re-establishment of the multi-stakeholder working group between the Ministry of Municipal Affairs, Ministry of Finance, AMCTO, MPAC and Elections Ontario in exploring and identifying ways to create and maintain the Voters' List for Municipal Elections.

AND FURTHER THAT this resolution be circulated to all Ontario Municipalities for their consideration and support.

Carried."

Subject: Township of South Stormont Council Resolution - Provincial Review of OMPF

Good afternoon,

In light of the review of the Ontario Municipal Partnership Fund (OMPF) announced by the Provincial government, the Council of the Township of South Stormont passed the following resolution at its meeting of February 20, 2019:

Resolution Number: 047/2019

Moved by: Deputy Mayor Smith Seconded by: Councillor Guindon

Whereas the Provincial government announced it was conducting a review of the Ontario Municipal Partnership Fund (OMPF), which provides annual funding allotments to municipal governments to help offset operating and capital costs;

And whereas Municipalities were further advised that the overall spending envelope for the program would decrease having a significant impact on future budgets and how funds are raised by Municipalities as funding will be reduced by an unspecified amount;

And whereas if allocations to municipalities are reduced, Councils will need to compensate with property tax increases or local service reductions;

And whereas, the 2018 South Stormont allocation was **\$821,700**, which is equivalent to **14%** of the Township's municipal property tax revenue;

And whereas, a 14% increase in the municipal property tax rate would increase the municipal component of property taxes paid for an average household by **\$129 per year**;

And whereas the Township of South Stormont prides itself on efficient and value for money practices every day;

Now therefore be it resolved that although an interim payment has been received, Council of the Township of South Stormont expresses grave concern with the potential reduction and/or loss of the OMPF allotment in future years;

And further, Council petitions the Provincial government to complete the OMPF review in an expeditious manner as future financial consideration ensures municipal sustainability;

And furthermore, that this resolution be circulated to the Premier, Ministers of Finance, Municipal Affairs and Housing, our local MPP and all Ontario municipalities for their endorsement and support.

CARRIED
