

Do you own a tow truck company, drive a tow truck or operate a vehicle storage company?

Ontario has a new certification program.

- Tow operators and vehicle storage operators will need a certificate by January 1, 2024.
- Tow drivers will need a certificate by July 1, 2024.
- No fees for certificates if you apply before July 1, 2024.
- Tow drivers who apply on or after July 1, 2024, will need to pay a fee and complete mandatory training (tow drivers applying before July 1, 2024, will be required to complete training in three years upon renewal).

Visit [Ontario.ca/towstoragecertificate](https://Ontario.ca/towstoragecertificate) to learn more and apply for a certificate
